

Preschool Update

September 19, 2018

This week in Preschool:

HOW DOES THAT TASTE?

This week in preschool we discovered our sense of taste. We tasted salty, bitter, sour, sweet, hot, creamy and grainy. Everyone's favorite seemed to be the peanut butter and cool whip, go figure. The least favorite were the radishes with lemon coming in second. There were some amazing findings and differences from the past years. It's always fun watching your children's faces as they experience new things. There is always at least one child that makes a funny face with everything they try but then tells me they like it.

OH, CAN YOU SMELL THAT?

Preschool have also been exploring their sense of smell this week and the classroom has never smelled better. All Classes agreed with chocolate, peanut butter and coffee being their favorite smells. On the list of least favorites were onion, pepper and dirt. We were excited to discover things taste so much better if you can smell. We didn't realize that our nose took part in our sense of taste. Did you realize that popcorn explores all five senses? You can see, hear and smell it cooking; then at last you can taste and feel. I think breakfast time is one of my favorite times of day for awakening the nose. The smell of coffee brewing and toast toasting cannot be beat in my books. Sometime this weekend take time to periodically close your eyes and open your nose to explore the aromas around you. See if your family member's opinion differs from yours.

Bible Study: GOD MADE THE WORLD!

This week preschool has learnt how God made the world in just seven days. He made the heavens and the earth the trees and grass the moon, stars and sun, animals and finally people.

When God looked at all he had made he said, "It is good." Then he rested.

God saw that is was good! Genesis 1:10

School Pictures were taken this week. Thanks to all for coming in and participating. The proofs have now all been sent home and should be returned to school on Monday or Tuesday next week. If you have any questions regarding your proofs or ordering, please give me a call this weekend at 816-868-4772.

Next week in Preschool:

THE SENSE OF TOUCH AND HEARING

It would be hard to pick a favorite sense but these are my two favorite senses to explore. We will be touching... Oops I almost let out my secret you will have to wait until next week to find out with your children.
